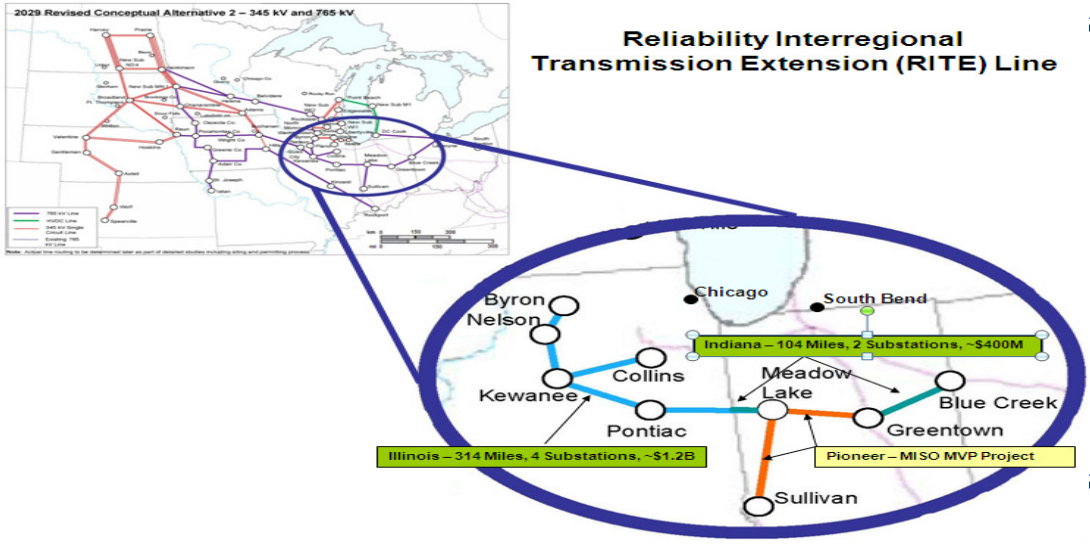
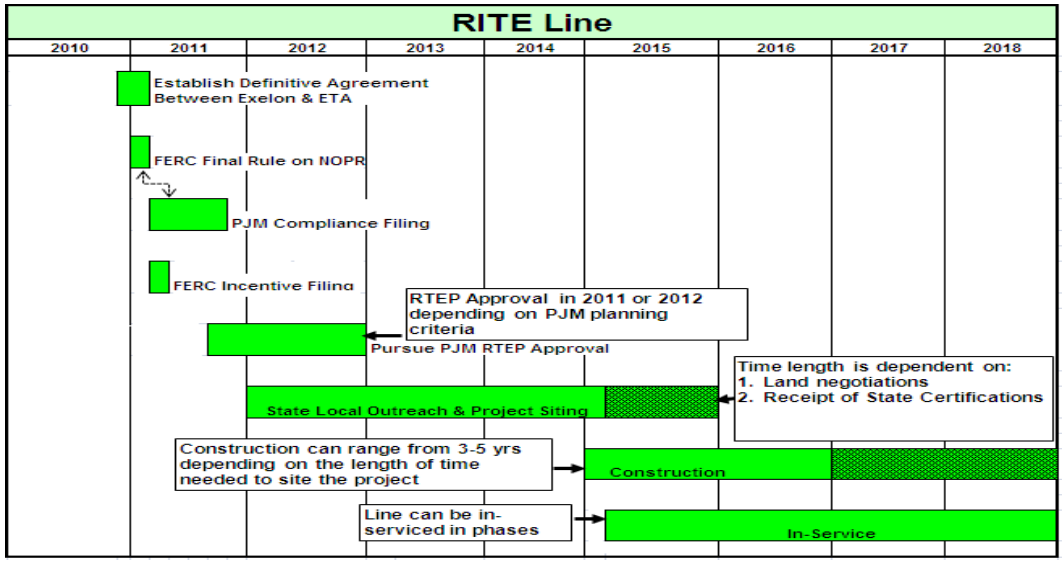
RITE Line Project





- **Established as first anchor project from the SMARTransmission Study**
  - 420 miles of 765kV transmission stretches from Northern Illinois to Ohio. The RITE Line will be built from the existing 765kV system in Ohio in the East to the West
  - Ensures reliability, enables states to meet RPS standards, and supports the integration of more renewables
- **Memorandum of Understanding signed with ETA (AEP & MidAmerican joint venture company) to pursue the project**
  - Announced at EEI Conference (11/2) and via press release (11/1)
- **Total Investment ~$1.6 billion**
  - ComEd/Exelon ~$1.1 billion
  - AEP/ETA ~$500 million
- **FERC incentive rate joint filing anticipated for 1Q 2011**
